The Ultimate Summer Vacation!

Weekly Themes

WEEK 1 – June 28 - July 2

The Great Doodle Mystery

Oh no! Doodle Bug and his pack of Doodle Buds have just stumbled upon a secret bunker filled with missing puzzle pieces from decades of doodle classrooms. Help Doodle Bug solve how they got there and why – while thinking up our own mysteries and challenges to solve!

WEEK 2 – July 5 - 9

Trailblazers

The wilderness awaits! We'll rely on your natural instincts and the great outdoors as we hike and track for animals, build shelters from the elements, and white water raft! We'll learn how nature cares for us by providing water, shade, soft surfaces, food, and more.

WEEK 3 – July 12 - 16

What's Your Super Power?

Everyone has a superpower, and this is the week to let them shine! Whether you've been given the ability to read fast, jump far, or run at top speed – this week is designed to help campers get to know themselves better as well as their camp friends.

WEEK 4 – July 19 - 23

Experiments Alive!

Have you ever made a volcano out of soda pop and Mentos, or oh-so-sticky slime? This week is full of unforgettable, mesmerizing experiments that are designed to empower campers to think deeply, predict, and unveil interesting mysteries of our world using science.

WEEK 5 – July 26 - 30

Art Through the Ages

Let's jump into a Michelangelo chalk painting, follow the twists of a Picasso sculpture, and talk about colors with Andy Warhol! This week is designed to playfully explore each camper's artistic interests while learning about famous masterpieces and artists from the past.

WEEK 6 – August 2 - 6

Jurassic Adventures

MASSIVE prehistoric perplexities fill our week as we investigate the mysterious ways of the dinosaurs. We'll excavate and puzzle bones back together, test your pterodactyl wings, and set off on virtual field trips to uncover details about these incredible creatures.

WEEK 7 – August 9 - 13

Camp Code It

We'll use our problem-solving skills and creativity to conquer tricky glitches in lots of fun ways! Life-size coding obstacle courses, binary code necklace making, and the OSMO Coding Jam are just a few of the ways this week is packed with techy fun.

WEEK 8 – August 16 - 20

Around the World in 5 Days

Take off with us on a trip around the world where we'll explore some of Earth's most amazing sites and experience celebrations from around the globe, like the Pushkar Fair in India, the Blue Grotto in Italy, and the Songkran Festival of Thailand! Grab your passports!

WEEK 9 – August 23 - 27

Oozeology

Put on your lab coat, roll up your sleeves, and plan to get messy! Mixtures, states of matter, elasticity, and viscosity are just a few of the science concepts that can be explored with chemistry and creativity. We'll even come up with a new measurement: the ooziest!

WEEK 10 – August 30 - September 3

Give Me a Beat!

Cue the bassline: this week is a full-blown musical adventure as we explore different genres, all-time classics, brilliant musicians, and of course dance and sing to the unique beat of our own drum as we let the music MOVE our bodies, hearts, and minds!
