Preparation & Cooking

Handling Instructions

Keep handling to a minimum to avoid bruising. Refrigerate to maintain freshness. Temperature humidity recommendation 32-40 degrees F 90-98 percent relative humidity. Keep in original carton with lid closed to prevent absorption of odors from other foods or passing odors to other foods. Apples give off ethylene gas; keep away from other sensitive fruits, flowers, and vegetables such as broccoli, cabbage, and lettuce. Exposure to ethylene may accelerate softening of apples.

Ingredients, Allergens & Nutritional Information

IMPORTANT: Product information, including ingredients, allergens and nutritional information, is provided by manufacturers/suppliers, and includes information from the Global Data Synchronization Network (GDSN) and other third party sources such as the United States Department of Agriculture. We know that allergen information is important to many customers, so we are providing product information from the manufacturers/suppliers for the FDAs top allergens (<https://www.fda.gov/food/food-labeling-nutrition/food-allergies>), along with other select ingredients. This information may not cover potential cross-contact risks or alternate forms of the allergen(s). Product formulations are subject to change and other changes. Please always review the ingredients, allergens, nutrition information and other product information on the product packaging delivered to your location. US Foods does not assume any legal liability and makes no warranty or guaranty, express or implied, regarding the completeness or accuracy of this information. Product images are provided for reference only and may not reflect current packaging.
